

# SpectraPak

## Custom Built to Meet Your Needs

The SpectraPak System will process up to 17 round bottles per minute to keep pace with your bottling needs. The system has been designed to run multiple shifts with little operator expertise and is tremendously versatile. This state-of-the-art design and modular components provide maximum performance and economy for packaging 1 gallon or 5.0 liter bottles with water or other free-flowing liquids.

## Your Complete Package

The SpectraPak speeds up your packaging day, and several auxiliary options are available to automate your system now or in the future.

In addition to a comprehensive spare parts inventory, you'll receive superior customer support from our team right here in Lincoln, Nebraska, with any Norland purchase.
