

Triumph Classic

Custom Built to Meet Your Needs

The multi-functional TriumphClassic medium speed mono-block rotary filling system is proven to be a reliable and effective filler for the bottled water and beverage industries. Speeds up to 33 bottles per minute can be achieved on this durable and dependable system, including eight rinse valves, eight fill heads, and four cap head assemblies. The rotary filling line's continual motion is what sets it apart from inline systems and other lower speed alternatives. Ask about producing carbonated beverages and ROPP cap options.

Your Complete Package

The Triumph Classic speeds up your water packaging day. Several auxiliary options are available to automate your system now or in the future. In addition to a comprehensive spare parts inventory, you'll receive superior customer support from our team right here in Lincoln, Nebraska, with any Norland purchase.
